## ABOUT US

Architylezz has been a pioneer in the small format ceramic tile production from India. Architylezz was started with the purpose of developing the best collection in the small format ceramic tile for the bathroom, kitchen and other decoration based applications in the residential and commercial space.

Architylezz Tile has been providing the biggest range of subway base color tile collection as well as the ever developing range in the digital printing collection. With the use of 12 color System Digital Printing Machinery, we are able to produce the biggest range of colors, applications and surface possible in the subway tile produced in India.

Architylezz Tile has potentially the biggest distribution centre with the help of our supplier, stockist and retail counters across all the states of India. Subway has always been popular in the international market and with our high standards of quality and design portfolio, we are developing a strong market presence internationally.
